SUDUMBRE, PUNE-412 109

are considered inferior to men and are treated unfairly. Instead of providing basic rights to women and girls they are degraded, the rate of sexual harassment rape, gender discrimination, female feticide and dowry death is increasing. There is increasing female feticide and girls dropout rate in schools, colleges and universities in many countries. Unfortunately the potential and creative abilities of women and girls are wasted. Due to old dated customs and traditions they are used as tools to cook, wash and do domestic chores. It is very important to equalize women with men, girls with boys. They must be protected, provided basic rights like proper education, proper health care and proper attention. There must be gender equality in the society so that girls get chance to succeed and excel in life. Due to inequality and discrimination girls and women are leading a miserable life. Many countries have taken initiatives and steps running several schemes and movements to save and protect girl child.

Specially in India in 2015 a scheme named as "Beti Bachao, Beti Padhao" means save girl child and educate girl child was launched in order to empower girl and to eliminate gender inequality. It is high time to aware people to save girl child. Girl child is entirely unsafe inside and outside the womb of Mother. We are grateful to our Management for their timely support and also to our Principal Dr R. K. Dumbre Sir and HOD(UG) Dr Swati Deshmukh madam guided us to conduct this programme. The programme was concluded by Mrs Deepali Gaikwad with a vote of thanks.

### REPORT

#### Webinar On The Indian Constitution on the occasion of Constitution Day

**DATE:** -26/11/2020.

**VENUE:** Virtually conducted due to COVID-19 pandemic situation.

**OBJECTIVE:** The main objective of Constitution Day is “to bring awareness on the importance of the Indian Constitution and its architect, Dr B R Ambedkar.”

#### **SUMMARY:**

**Constitution Day (Samvidhan Divas)**, also known as **National Law Day**, is celebrated in India on 26 November every year to commemorate the adoption of the Constitution of India. On 26 November 1949, the Constituent Assembly of India adopted the Constitution of India, and it came into effect on 26 January 1950.

The Government of India declared 26 November as Constitution Day on 19 November 2015 by a gazette notification. The Prime Minister of India Narendra Modi made the declaration on 11 October 2015 while laying the foundation stone of the B. R. Ambedkar's Statue of Equality memorial in Mumbai. The year of 2015 was the 125th birth anniversary of Ambedkar, who had chaired the drafting committee of the Constituent Assembly and played a pivotal role in the drafting of the constitution. Previously this day was celebrated as Law Day. 26 November

#### Webinar On Save Girl Save Child

**DATE:** -05/03/2021

**VENUE:** Virtually conducted due to COVID-19 pandemic situation.

**OBJECTIVE:** Aim of this session is to generate awareness and improve the efficiency of welfare services intended for girls in India.

#### **SUMMARY:**

Our speaker Dr. Anjali Bhusare Associate Professor from Chetana Arts Higher College, Aurangabad. she told about save girl child. she told the girl child is an important pillar of a developed society. The movements like bet bachao beti padhao, girls education, save girl child are of essential importance. Women are considered inferior to men and are treated unfairly. Instead of providing basic rights to women and girls they are degraded, the rate of sexual harassment rape, gender discrimination, female feticide and dowry death is increasing. There is increasing female feticide and girls dropout rate in schools, colleges and universities in many countries. Unfortunately the potential and creative abilities of women and girls are wasted. Due to old dated customs and traditions they are used as tools to cook, wash and do domestic chores. It is very important to equalize women with men, girls with boys. They must be protected, provided basic rights like proper education, proper health care and proper attention. There must be gender equality in the society so that girls get chance to succeed and excel in life. Due to inequality and discrimination girls and women are leading a miserable

life. Many countries have taken initiatives and steps running several schemes and movements to save and protect girl child.

Specially in India in 2015 a scheme named as "Beti Bachao, Beti Padhao" means save girl child and educate girl child was launched in order to empower girl and to eliminate gender inequality. It is high time to aware people to save girl child. Girl child is entirely unsafe inside and outside the womb of Mother. At last Mrs. Rani Divekar madam say vote of thanks to Dr. Anjali Bhusare madam.

### REPORT

### SEMINAR ON WOMEN SAFETY

**DATE: 03 MAY 2019**

**VENUE: SEMINAR HALL OF SIDDHANT COLLEGE OF PHARMACY**

#### **OBJECTIVE:**

The Objective of this seminar is to make people aware of the issues related to women safety and reduced crime related women in country.

**SUMMARY:** Seminar on women safety programe was arranged in seminal hall of sidhhant college of pharmacy, in this programme 50 students were present. On the occasion of Women Safety programme our principal Dr. R.K.Dumbre sir also present. He also speak on this occasion. He said that In spite of 70 years of Independence and social reforms, the problem of women safety is quite vulnerable in India. Molestation, female child abuse, female foeticide, low rate of enrolment of girls in schools and colleges, poor proportion of working women in private and Government run departments, rapes, physical assault, kidnapping, public harassment, against women are committed every hour. Tell a sorry state of women in India.

In short, crimes against women are stopping the growth of our country. We must not put the blame on women and ask them to be extra careful. Instead, we must ask the men to change their

thinking and work to make the world a safer place for women. Women must be taught self-defence techniques.

Our IQAC coordinator Dr. Swati Deshmukh Madam also present for women empowerment, she spoke on the issues related to women safety. Safety of women in india has become a major issue in India now. The crime rates against women in the country have only risen to a great extent. Women think twice before stepping out of their homes, especially at the night. This is, unfortunately, the sad reality of our country that lives in constant fear. Women in India have been given equal rights as men; however, people do not follow this rule. They contribute to the growth and development of our country; still, they are living in fear. Women are now on respected positions in the country, but if we take a look behind the curtains, we see even then they are being exploited. Each day we read about horrific crimes being committed against women in our country like it's a norm.

Not a day goes by where you don't hear of the news of a crime against women in India. In fact, there are at least five news articles that tell us about the horrific details of the various crimes. It is extremely painful to watch the status of women's safety in India, especially in a country where women are given the stature of goddesses. The list of crimes against women is quite long, to say the least. Acid attack is becoming very normal in various parts of the country. The criminal throws acid on the face of the victim to destroy their lives completely. Nonetheless, India has a lot of strong acid attack survivors who are battling for their lives and trying to lead their lives independently. Furthermore, domestic violence and honor killings are very common. The wife stays in an abusive relationship because of the fear of society. The family kills their daughters in the name of honor to keep up with the reputation of their family. Similarly, female foeticide is yet another common crime. Due to the regressive thinking, people kill daughters before they are born. The list continues as crimes against women are on the rise. Other crimes also include child marriages, child. At the end mam spoke about Ways to Ensure Women Safety, By Although the list of crimes is very long, we can take measures to ensure women's safety in our country. Firstly, the government must make stringent laws that ensure the punishment of criminals immediately. Fast track courts must be set so the victim gets justice instantly. This will serve as a great example for other men to not commit crimes against women. Most importantly, men must be taught to respect women from an early age. They must consider women as equals so they don't even think of harming them. When you consider someone inferior, you tend to oppress them. If this thinking goes away, half of the crimes will automatically end.
