### REPORT

### ERP TRAINING SESSION

**DATE** : 08 Feb 2019

**VENUE:** Siddhant College of Pharmacy

**ORGANIZED BY:** Mrs.Swapnali Girme

**OBJECTIVE:**

- Teacher, Student, Librarian are connected with each other on one system.
- This system is saving the time for student and teacher too.
- In this system user can connect any time whenever he/she wants.
- This system is secure.

**DESCRIPTION:**

Siddhant College of Pharmacy organized Training Programme for use of MS Team software, features & importance link which are useful to Staff & students. During the training programme ERP Trainer gave the proper training to all staff members. ERP Module which is used by Schools as well as Colleges to manage their daily activities which include the management of Employees, Students, Books and Library Records, Parents details, Assignments, Admission Process, Results and Reports, Exams, Events, Attendance, Timetable, Fees and Other Reports. It provides one-point access to manage these wide ranges of activities both effectively and efficiently. The system will be used by four people, which are Admin, Teacher, Librarian and Student.

Admin can login using valid credentials and perform various task such as Adding a Teacher, Student and Librarian and also can view them. Admin can also add Time Table and Event details. System allows admin to view book request received from librarian.

Teacher can login and perform various task such as add assignment, mark attendance, upload result and view event.

Librarian can login and perform task such as adding a single or multiple books, view added books, request a book, issue a book to students, return issued book from student and view event.

Student can access the system by providing valid credentials access modules such as viewing their own profile, view books, view time-table, assignments, result, attendance and event.

Super admin is the root node who adds the colleges into the system with their details. Also can view/delete a college from the system.
