The Director, Student Welfare (DSW) has established a Student Mentorship Initiative Programme to create an interactive and target-oriented counselling programme involving students, faculty and parents to address common student concerns such as anxiety, stress, fear of change and failure, homesickness and other academic concerns. The purpose of this programme is to mentor and monitor the academic and behavioural patterns of the students through faculty mentorship or Proctor Scheme. Accordingly, each faculty member (Proctor) is allotted 20 students. Proctor – Procter meeting is conducted every month in which Proctor-Procter meeting will be conducted. No other meetings and classes are conducted thattime. The Proctor is expected not only to interact with the students (Procter) but they are also expected to be in touch with the parents and discuss about the academic progress/status of the respective Wards.
