Theme	MIC driven activity
Activity Name	Celebrate the third anniversary of the national education policy (NEP) 2020 and second edition of Akhil Bhartiya Shiksha Samgam
Mode of Conduct	Online / offline
Time	29/07/2023
Participants (offline)	40 Students and 8 Faculty members
Description	<p>The Ministry of Education, Govt. of India, is organizing a mega event to celebrate the 3rd Anniversary of the National Education Policy (NEP) 2020 and the 2nd edition of the Akhil Bhartiya Shiksha Samagam from 29th to 30th July 2023, at Pragati Maidan, New Delhi. The mega event will be addressed by the Hon'ble Prime Minister of India Shri Narendra Modi, and ministers from different ministries of the central and state governments, foreign embassies in India, and industry leaders will make a visit to the program for both days.</p> <p>The mega-event celebration will have more than 12 thematic sessions, exhibitions, and cultural programs. More than 200 selected early-stage startups, Edutech.growth stage startups, innovations, and Institutions will demonstrate their contributions and breakthrough innovation achievements towards achieving the overall goal as envisioned under the National Education Policy 2020. All IIC institutions are requested to participate in the Inaugural Session of Akhil Bhartiya Shiksha Samagam on the occasion of the 3rd Anniversary of the National Education Policy on 29th July 2023 at 10am by Hon'ble Prime Minister of India Shri Narendra Modi, where he will address innovators and educators.</p> <p>As NEP 2020 is having a vision for interdisciplinary innovation and cross-sector entrepreneurship, participating in this event virtually will be beneficial for students and teaching faculty. Therefore, we request our IIC institutions to make necessary arrangements to screen the inaugural in their auditoria and enable as many students to participate in the inaugural program.</p> <p>We are very thankful to our Hon. Management Mr. Siddhant Yadav Mr. Mihir Yadav Mrs. Shanan M. Yadav for always being supportive.</p> <p>Regards, Principal & President (IIC, SCOP) Dr. Rahul K. Dumbre Convener (IIC, SCOP) Dr. Swati Deshmukh Coordinators (IIC, SCOP) Ms. Vanita Chature Ms. Payal Pansare</p>

Staff Academic Activity Academic year 2021-2022

Venue: Siddhant College of Pharmacy, Sudumbare, Pune.

Dates : 22 October 2021 to 25 March 2022

Chief coordinator: Ms. Shubhangi Thopate

Objective:

1. Due to this special activity all teaching and non-teaching staff gets together and share their valuable information with each other.
2. To boost efficiency & effectiveness of individuals.
3. To improve knowledge.
4. It is benchmark for other.

Outcome :

1. Gain knowledge.
2. Build an effective communication challenge.
3. Practice that support motivation competence & self directed learning consistency in work.
4. Improvement in coordination between teaching and non-teaching.

Staff Academic Activity: Has been plan in our institution as per academic schedule in 2021-22 year for all Teaching. This activity is performing every end of the week i.e on the Friday. Teaching Staff should deliver their presentation on selected subject on schedule date.

In this regard attached annexure for sequence of Reference No, Staff circular, Date and Teacher Sequence, Date, Topic, Shortly information about Topic.

Enclosure:

1. Annexure I- Sequence of Reference No, Staff circular, Date.
2. Annexure II- Teacher Sequence ,Date , Topic, Shortly information about Topic

About Us

About Siddhant College of Pharmacy (SCOP), Sudumbre, Pune, MS.

Siddhant College of Pharmacy (SCOP) is right choice for your important step of graduation and post-graduation education, and you will never regret it. You will learn the science of pharmacy and along with it you will become a trustworthy Professional that nation needs. The teaching learning process at Siddhant college of Pharmacy emphasizes on personalized attention where students of all socioeconomic backgrounds feel comfortable. Students at Siddhant enjoy the process of graduation and are highly motivated. Systems are designed to encourage active involvement for developing and expressing the curious and creative minds. Along with graduation we emphasize on development of personality and right attitude as a Professional. We treat our student as professional right from day one and mold them to utilize their optimum potential to quench the requirement of nation. We are reputed for excellent results and best placement of our students in the field of industry, marketing and research. We have excellent research facilities where we have tie-up with industries. We have highly qualified team of faculty with four doctorates and other persuading doctorates to meet the need of higher education.

About Ateos Foundation of Science Education and Research (AFSER), Kondhwa Bk, Pune, MS.

AFSER has all the statutory and mandatory approvals from Govt of India. AFSER has objectives to promote Science research, education, training and development activities for skilled Indian youths and worldwide in fields of Pharmacy, Engineering, Science, Medical, Dental Sciences. It aims to fill the gap between educational needs and actual practical approach of the students of science streams of all kinds, towards the society. Also, it promotes conducts various philanthropic online and offline programs. AFSER has partially sponsored SCOP to conduct 2- Days Webinar on "Recent Advances in Pharmaceutical, Biological and Chemical Sciences" on 15th -16th Oct 2022.

About Conference "2- Days Webinar on "Recent Advances in Pharmaceutical, Biological and Chemical Sciences" on 15th -16th Oct 2022"

The conference shall inter alia highlight the significance of recent advances in Pharmaceutical, Biological and Chemical Sciences.

Introduction and Scope

Introduction and Scope

- Pharmaceutical Sciences or Pharmacy** is the clinical health science that links medical science with chemistry and it is charged with the discovery, production, distribution, safe and effective use, and control of medications and drugs. The practice of pharmacy requires excellent knowledge of drugs, their mechanism of action, side effects, interactions, stability, and toxicity. At the same time, it requires knowledge of the patient and understanding of the pathological process. Some specialties of pharmacy such as that of clinical pharmacy require other skills. For example, the knowledge and development of approval and regulatory data. The work of pharmacy practice includes more traditional roles such as compounding and dispensing of medications, and it also includes more modern services related to health care including clinical services, reviewing medications for safety and efficacy and providing drug information. Pharmacists, therefore, are the experts on drug therapy and are the primary health professionals who control the use of medication for the benefit of the patients. An establishment in which pharmacy is the first priority is called a pharmacy. This term is more common in the United States and a chemist (which is more common in Great Britain, though pharmacy is also used in the United States and Canada) structures commonly sell medicines, as well as model through some such as, customer service, consulting, office supplies, food, retail care products and machines, and occasionally refreshments, and they are in the vanguard of health and chemical ingredients. The work of the apothecary may be regarded as a precursor of the modern sciences of chemistry and pharmacology, prior to the formulation of the scientific method.
- Chemistry or Chemical sciences** is the scientific study of the properties and behavior of matter. It is a natural science that covers the elements that make up matter to the compounds composed of atoms, molecules and ions. Their characteristics, structure, properties, behavior and the changes they undergo during a reaction will form substance. In the scope of its subject, chemistry occupies an intermediate position between physics and biology. It is sometimes said to be the central science because it provides a foundation for understanding both. It also has practical application to disciplines of a fundamental nature. For example, chemistry explains aspects of plant growth, biology, the formation of igneous rocks (petrology), how atmospheric, oceanic, and some environmental pollutants are degraded naturally. The properties of the soil on the moon (geochemistry), how medications work (pharmacology), and how to correct DNA-wide use of a gene were explained. Chemistry addresses topics such as the atomic and molecular structure of chemical bonds to form new chemical compounds. There are two types of chemical bonds: a primary chemical bond, i.e., covalent bonds, in which atoms share one or more electrons, ionic bonds, in which an atom donates one or more electrons to another atom to produce ions, and a secondary chemical bond, e.g., hydrogen bonds, Van der Waals force bonds, which are weaker, non-covalent interactions, and dipole interactions.
- Biological Sciences or Biology** is the scientific study of life. It is a natural science with a broad scope but has several unifying themes that tie it together as a single coherent field. For instance, all organisms are made up of cells that process heredity information encoded in genes, which can be transmitted to future generations. Another major theme is evolution, which explains the unity and diversity of life. Energy processing is also important to life as it allows organisms to move, grow and reproduce. Finally, all organisms are able to regulate their own internal environments. Biology is able to study life at multiple levels of organization, from the molecular biology of a cell to the anatomy and physiology of plants, and animals, and function of populations. Hence, there are multiple subdisciplines within biology, each defined by the nature of the research questions and the tools that they use. Like other scientists, biologists use the scientific method to make observations, solve questions, generate hypotheses, perform experiments, and form conclusions about the world around them.

WORKSHOP ON "TOOLS FOR EFFECTIVE COMMUNICATION" FOR NON TEACHING STAFF

DATE: 13th December 2022

VENUE: Classroom 2

OBJECTIVE: To enable non teaching staff to be sufficiently, confident and competent in making full use of various tools for effective communication at work place and to add the productivity in achieving the same goal of institution

SUMMARY:

A one day seminar was organized by SCOP, Sudumbare for the professional development of non teaching staff. The resource person for the said seminar was **Dr. Brijendra Gupta** from Siddhant College of Engineering. The seminar focused on

- Mail.
- Email.
- Telephones. Landline Telephones. Cell Phones. Smartphones. Internet Calling: Google Voice and Others.
- SMS/Text Messaging.
- Cell and Data Plans.
- Video and Web Conferencing.
- Social Networking Sites.

There was a wonderful interactive session where the staff interacted with the speakers clarifying their doubts and asking interesting questions. The sessions were handled by equally competent professional persons who helped in generating a valuable outcome to the participants from the training. The seminar was very informative and provided the participants with enormous knowledge on various aspects of Effective Communication. Total 12 non-teaching staff were present

WORKSHOP ON "IMPORTANCE OF PEDAGOGY" FOR TEACHING STAFF

DATE: 13th December 2021

VENUE: Classroom 2

OBJECTIVE: To aid students to learn better and develop the necessary skills. Teachers can benefit greatly from acquiring and learning about pedagogical skills. To aid students to learn better and develop the necessary skills. Teachers can benefit greatly from acquiring and learning about pedagogical skills. To improve the quality of teaching

SUMMARY:

A one day seminar was organized by SCOP, Sudumbare for the teaching staff. The speaker for the seminar was from Siddhant College of Engineering. He emphasized on importance of pedagogy in research studies by individuals and institutions that information and communication technology (ICT) can make the teaching learning process more effective and efficient if utilized intelligently. He explained the different Pedagogical approaches such as

- constructivist approach,
- Collaborative Approach
- Reflective Approach,
- Integrative Approach,
- Inquiry-Based Approach.

All the participants were very much pleased by the points discussed by the speaker as it was truly inspirational as it provides starting points for instructors to design and teach courses that requires a subjective approach. Total 18 teaching staff were present were present.

MEDITATION AND STRESS MANAGEMENT

Siddhant College of Pharmacy arranged the seminar about meditation and spiritual life dated 19/07/2019. This activity was held at Siddhant COP Seminar Hall for B. Pharm and M. Pharm students and staff. Nowadays stress and other mental activities are affecting life of the students and hence we arrange such kind of programs. This seminar is purely based on stress management, to make students free from stress. Meena sister was the Chief guest for this event and Our HOD (UG) Dr. Swati Deshmukh madam felicitated the chief guest. Meena sister delivered presentation on topic Meditation and Stress management. She concluded in her presentation that how to get rid from the stress and the importance of meditation in life.

WORKSHOP ON "IT SKILL"

DATE: 12th March 2023

VENUE: Siddhant College of Pharmacy, Seminar Hall

OBJECTIVE:

1. These skills improve employability
2. These skills enable them to work harmoniously in dynamic environments
3. These skills help us construct our social work

OUTCOME: IT Skill development for poor people is essential to address the opportunities and meet new challenges in technologies globally.

SUMMARY:

Siddhant College of Pharmacy, Pune organized a workshop on 'IT Skill' by Mr. Nitin Shrirao on 12th March 2022 at 11.00pm for the Teaching & Non teaching Staff.

The talk began by the deliverance of welcome address by the officiating principal of the college Dr. Rahul Dumbre. He congratulated the TPC cell for taking the initiative to organize a talk on such a topic. He also said such sessions for students are necessary to improve employability. Our UG-HOD Dr. Swati Deshmukh also gave importance of Technologies skill in day to life.

Participants were introduced to the resource persons by the Host. The session started with the introduction on the topic and the importance of Information Technology in day today life. Information technology (IT) is the use of computers to create, process, store, retrieve and exchange all kinds of data and information. IT forms part of information and communications technology (ICT). An information technology system (IT system) is generally an information

Dist.-Pune 412109.

system, a communications system, or, more specifically speaking, a computer system — including all hardware, software, and peripheral equipment — operated by a limited group of IT users, and an IT project usually refers to the commissioning and implementation of an IT system

It was nice learning experience for all Staffs and they thoroughly enjoyed the session. The workshop was appreciated by staff. All participants were awarded certificates. Participants also shared their feedback and experiences of the workshop.

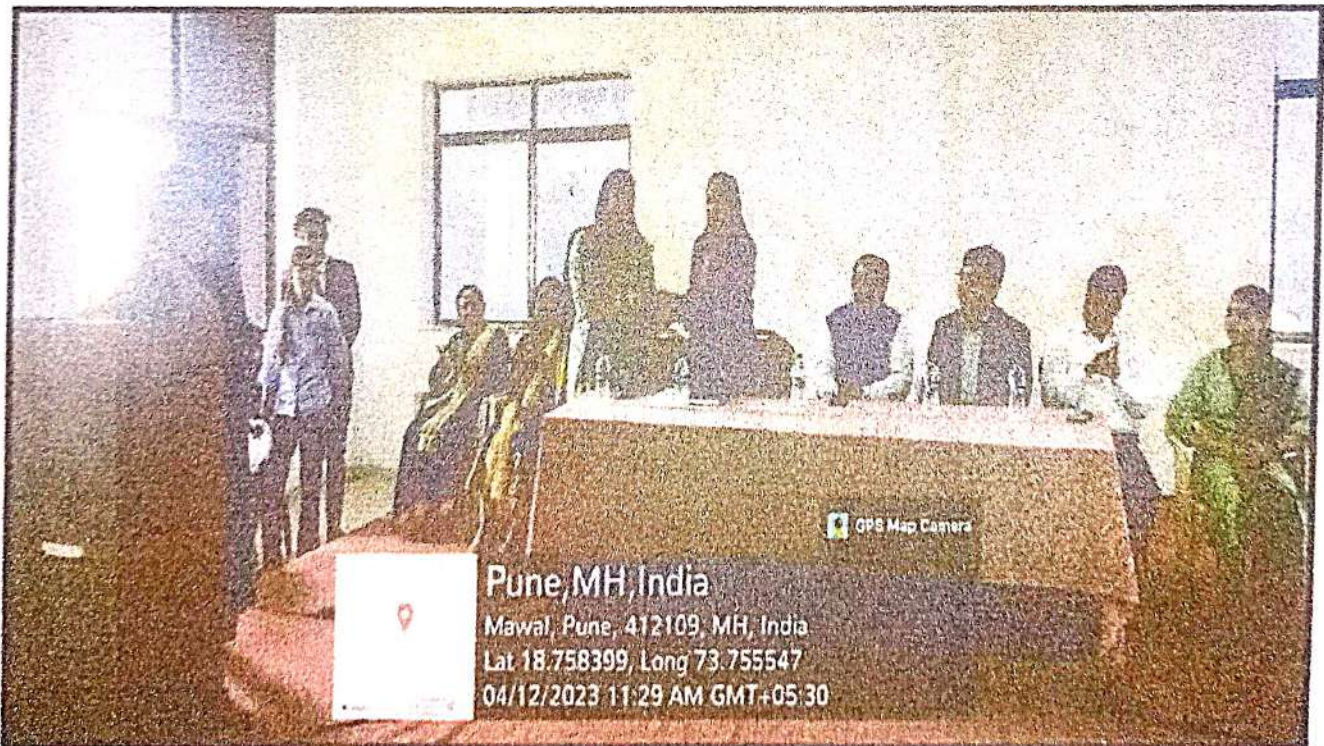

Overall, the session was highly informative and educative to the aspiring and ever-enthusiastic staff. All together 40 Teaching & Non teaching staff attended the Workshop.

The vote of thanks was delivered by the TPC Incharge Prof.Pooja Jadhav.
