7.1.2.2. Management of the various types of degradable and no degradable waste

Solid Waste management

- Waste like plastic, metals, glass, and stationery are systematically collected, segregated and sold to authorize vendors for its recycling.
- Solid waste like paper, rapper, shipment, food , rapper waste from canteen tree leaves, cut branches are managed to one corner of the campus and to make manure Process of solid waste Management- Separation and segregation of solid waste from the college and keep it in decomposition area (which is for decomposition in college) Give the layer of solid waste material, soil, and water one after other, and leave it for Decomposition. After some day manure is produced and this manure use for plants in the garden of college. Which help us to maintain green campus.
- College has taken good initiative of waste disposal poster displays for awareness.
- College have First Aid kits at various labs and locations.
- College adopts almost paperless concept by digitization of office procedures through electronic means via email and Google classroom, V medulife software.
- Dustbins have been installed throughout campus for waste segregation.

 Dist.-Pune 412109.

2. Liquid waste management:

- A proper sewage system is present in all the washrooms of the college, appropriate care is taken to see that there is no water stagnation.
- Wastewater generated from the sanitary facilities is disposed of into septic tanks located at different places in the campus.
- Their effluents wastewater is used for gardening, watering trees etc.

Principal
Siddhant College of Pharmacy
Sudumbare, Tal.-Maval,
Dist.-Pune-412109.

3. E-waste Management

- E-waste or electronic waste is created when an electronic product is discarded after the end of its useful life.
- E-waste mainly includes obsolete electronic devices, such as computer systems, servers, monitors, compact discs (CDs), printers, scanners, copiers, calculators, fax machines, battery cells etc.
- E-waste is disposed off through vendors.

Principal
Siddhant College of Pharmacy
Sudumbare. Tal.-Maval,
Dist.-Pune 412109.

4. Biomedical Waste Management:

Bio-medical waste means "any solid and/or liquid waste including its container and any intermediate product, which is generated during the diagnosis, treatment or immunization of human beings or animals or research activities pertaining thereto or in the production or testing of biological or in health camps. Biomedical waste poses hazard due to two principal reasons - the first is infectivity and other toxicity.

7.1.2.4. Green campus natives

Institutional Initiatives:

- A Green Campus is a place where sustainable and eco-friendly practices are combined with education to promote sustainable and eco-friendly practices on campus.
- The green campus concept allows an institution to lead the way in redefining its environmental culture and forging new paradigms by developing sustainable solutions to the world's environmental, social, and economic requirements.
- Greening the campus include eliminating unnecessary inefficiencies and relying on conventional energy sources for everyday power demands, as well as proper trash disposal, the acquisition of environmentally friendly goods, and an effective recycling program
- Landscaping of the college is worth seeing and reflects aesthetic sense
- The institution has a medical garden that keeps the surrounding area pollution-free and provides oxygen, maintaining health of the public
- The institute has a canopy of trees and plants to make the environment pollution free to safeguard the health of all the inmates
- The lawns and the trees provide shade and a beautiful ambiance.
- The institution believes in paperless communication and uses electronic means of communication as part of its green campus program.
- Mail or WhatsApp are typically used for communication, which reduces the need for paper and promotes environmental preservation.
- To promote environmental sustainability, college faculty members practice carpooling
- The institutes believe in environmental sustainability and promote it by displaying it on college notice boards so that the values at well imbibed by the students.

INTRODUCTION

Siddhant college of Pharmacy, Sudumbre follows the policy framed IGI

SCOPE

The Constitution of India ensures equality, freedom, justice, and dignity of all individuals and mandates an inclusive society for all including persons with disabilities (PwD). The Government of India signed UNCRPD and enacted Rights of Persons with Disability Act 2016 that recognizes that persons with disability are entitled to equal opportunities & rights to participate in the political, social, and economic and self- development activities in all walks of life. In keeping with the developments at the National and International level, the Government of Maharashtra has taken several initiatives to align with the national agenda. This includes formation of Action Plan 2001, School code for Special schools & workshops, Guidelines for recognition of institutions serving PwDs etc. This policy initiative of IGI is logical of legal framework and guidelines for development of institutional infrastructure

OBJECTIVE

This policy is developed with a view to facilitate access to education to the differently abled students with benchmark disability, IGI is committed to comply with the provision of Rights of Persons with Disability Act 2016. This policy ensures the interests of differently abled students of Siddhant college of Pharmacy, Sudumbre
