---

### 3.2.2

**Number of workshops/seminars/ conferences including on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship conducted during the last five years**

#### DVV Query

##### 3.2.2

- o Brochure/ Geo tagged Photographs with date and caption; title of the workshop/seminars conducted
- o Link to the Detailed report for each Program as in the template

#### DVV Clarification

##### DVV Response for 3.2.2

Kindly find attachment of the Brochure/ Geo tagged Photographs with date and caption; title of the workshop/seminars conducted during last five years & website Link of detailed report for each program as in the templet

# 2-Days Webinar

on

## "Recent Advances in Pharmaceutical, Biological and Chemical Sciences"

on 15<sup>th</sup> -16<sup>th</sup> Oct 2022- 9.00 am till 6.00 pm

### About Us

#### About Siddhant College of Pharmacy (SCOP), Sudumbre, Pune, M.S.

Siddhant College of Pharmacy (SCOP) is right choice for your important step of graduation and post- graduation education and you will never regret it. You will learn the science of pharmacy and along with it you will become a trustworthy Professional that nation needs. The teaching learning process at Siddhant college of Pharmacy emphasizes on personalized attention where students of all socioeconomic backgrounds feel comfortable. Students at Siddhant enjoy the process of graduation and are highly motivated. Systems are designed to encourage active involvement for developing and expressing the curious and creative minds. Along with graduation we emphasize on development of personality and right attitude as a Professional. We treat our student as professional right from day one and mold them to utilize their optimum potential to quench the requirement of nation. We are reputed for excellent results and best placement of our students in the field of industry, marketing and research. We have excellent research facilities where we have tie-up with industries. We have highly qualified team of faculty with four doctorates and other persuading doctorates to meet the need of higher education.

#### About Ateos Foundation of Science Education and Research (AFSER), Kothdwa Bk, Pune, M.S.

AFSER has all the statutory and mandatory approvals from Govt. of India. AFSER has objectives to promote Science, research, education, training and development activity for skilled Indian youths and worldwide in fields of Pharmacy, Engineering, Science, Medical, Dental Sciences. It aims to fill the gap between educational needs and actual practical approach of the students of science streams of all kinds, towards the society. Also, it promotes conducts various philanthropic online and offline programs. AFSER has partially sponsored SCOP to conduct 2- Days Webinar on "Recent Advances in Pharmaceutical, Biological and Chemical Sciences" on 15<sup>th</sup> -16<sup>th</sup> Oct 2022.

#### About Conference "2- Days Webinar on "Recent Advances in Pharmaceutical, Biological and Chemical Sciences" on 15<sup>th</sup> -16<sup>th</sup> Oct 2022"

The conference shall inter alia highlight the significance of recent advances in Pharmaceutical, Biological and Chemical Sciences.

### Speakers/ Resource Persons

Name	Designation
Dr. Shri R. S. Yadav	President, CAYMET
Dr. Rahul K. Dumbre	Principal, SCOP and Convener
Dr. Amit G. Nerkar	Professor (I.G.) and Research Head, SCOP and Co-Convener
Mrs. Payal Pansare	Assistant Professor & PRO, SCOP and Co-ordinator

### Online Poster Presentation

Abstracts for Conference Proceedings to be submitted on

• Email: [ateosfoundation02@gmail.com](mailto:ateosfoundation02@gmail.com) with heading "Submission of Abstract"

Abstracts for Conference Proceedings to be submitted on

• Email: [ateosfoundation02@gmail.com](mailto:ateosfoundation02@gmail.com) with heading "Submission of Abstract"

#### Author Guidelines:

Title: 14 Font TNR, Author Names and Affiliations : 12 Font TNR Abstract: 12 Font TNR with Key words.

Top 16 papers shall be shortlisted for Oral Presentation and shall deliver a short Presentation online., out of which 8 papers shall be published free of cost.

FIRST 8 Ranking Papers will be published in Current Trends in Pharmacy and Pharmaceutical Chemistry , International Journal on IP Innovative Publications Platform Free of Cost

Online Forms Available at <https://forms.gle/bXTE25WrxgkGFk2m9>

Fees: 250/ Delegate to obtain certificate and Free of Charge if Certificate is not required.

No other Charges

Link of the webinar will be sent on registered email Id.  
Contact us on : +918080496640

CAYMET'S  
SIDDHANT COLLEGE OF  
PHARMACY,  
Sudumbre, Maharashtra 410501

### Introduction and Scope

#### Introduction and Scope

- Pharmaceutical Sciences or Pharmacy** is the clinical health science that links medical science with chemistry and it is charged with the discovery, production, disposal, safe and effective use, and control of medications and drugs. The practice of pharmacy requires excellent knowledge of drugs, their mechanism of action, side effects, interactions, mobility and toxicity. At the same time, it requires knowledge of treatment and understanding of the pathological process. Some specialties of pharmacists, such as that of clinical pharmacists, require other skills, e.g. knowledge about the acquisition and evaluation of physical and laboratory data. The scope of pharmacy practice includes more traditional roles such as compounding and dispensing of medications, and it also includes more modern services related to health care, including clinical services, reviewing medications for safety and efficacy, and providing drug information. Pharmacists, therefore, are the experts on drug therapy and are the primary health professionals who optimize the use of medication for the benefit of the patients. An establishment in which pharmacy (in the first sense) is practiced is called a pharmacy (this term is more common in the United States) or a chemist (which is more common in Great Britain, though pharmacy is also used in the United States) and Canada. Dispensers commonly sell medicines, as well as miscellaneous items such as confectionery, cosmetics, office supplies, toys, hair care products and magazines, and occasionally refreshments. And governments in its investigation of purity and chemical ingredients, the work of the apothecary may be regarded as a precursor of the modern sciences of chemistry and pharmacology, prior to the formulation of the scientific method.
- Chemistry or chemical sciences** is the scientific study of the properties and behavior of matter. It is a natural science that covers the elements that make up matter to the compounds composed of atoms, molecules and ions, their composition, structure, properties, behavior and the changes they undergo during a reaction with other substances. In the scope of its subject, chemistry occupies an intermediate position between physics and biology. It is sometimes called the central science because it provides a foundation for understanding both basic and applied scientific disciplines at a fundamental level. For example, chemistry bridges geology (petrology), the properties of the soil on the moon (cosmochemistry), how atmospheric ozone is formed and how environmental pollutants are broken down (toxicology). Chemistry addresses topics such as how atoms and molecules interact via chemical bonds to form new chemical compounds. There are four types of chemical bonds: 1. primary chemical bonds—e.g. covalent bonds, in which atoms share one or more electrons; ionic bonds, in which an atom donates one or more electrons to another atom to produce ions (cations and anions); metallic bonds—and 2. secondary chemical bonds—e.g. hydrogen bonds, Van der Waals force bonds, non-polar interaction, ion-dipole interaction.
- Biological Sciences or Biology** is the scientific study of life. It is a natural science with a broad scope but has several unifying themes that tie it together as a single, coherent field. For instance, all organisms are made up of cells that process hereditary information encoded in genes, which can be transmitted to future generations. Another major theme is evolution, which explains the unity and diversity of life. Energy processing is also important to life as it allows organisms to move, grow, and reproduce. Finally, all organisms are able to regulate their own internal environments. Biologists are able to study life at multiple levels of organization, from the molecular biology of a cell to the anatomy and physiology of plants and animals, and evolution of populations. Hence, there are multiple subdisciplines within biology, each defined by the nature of their research questions and the tools that they use. Like other scientists, biologists use the scientific method to make observations, pose questions, generate hypotheses, perform experiments, and form conclusions about the world around them.

### Our Mission

- 1) Siddhant College of Pharmacy fosters a learning-centered, research-oriented educational environment that encourages individuals to make positive lifelong contributions to global health.
- 2) We prepare professional students to provide compassionate pharmacist to society.
- 3) We inspire our students through innovative problem-based learning, rich experiential program, and inter-professional collaboration.
- 4) We foster a community of scholars who will further the body of knowledge in pharmaceutical, biomedical, and clinical sciences.
- 5) We strive to improve quality of life locally, nationally, and globally

### Objectives of Lecture Series:

- To create or engage interest in new area.
- To Impact student with knowledge about the career and job opportunities after the completion of pharmacy in various area.

## INDUSTRY INSTITUTION EXPERT LECTURE SERIES

### OUR VISIONS

Siddhant College of Pharmacy will lead the way toward effective global health care by developing innovative teaching practices, advancing research, practice and merging true entrepreneurial spirit with care and compassion.

### THE FUTURE ENDEAVOUR

Pharmacy is a diverse and rewarding career with opportunities for patient care, scientific research and innovation. Alumni Association of Siddhant College of Pharmacy organized lecture series on career
