India is open defecation-free, homes have toilets, houses have access to clean and drinkable water and our cities are getting cleaner each day

MAIN DESCRIPTION:

“Swachhta has been recognised and accorded top priority by the government of India. Hygiene and hygienic practices in life are critical for health not only to improve a living environment but also to elevate our thinking to a more pure and healthy state. A huge population base and varying education and awareness levels do not promote a secure hygienic environment and hence this is a major challenge. Lack of hygiene in habits negatively impacts the country's progress to global benchmarks in all spheres and also impacts the working population.

The Department of Higher Education decided to embark on the mission through the standard operating procedure on Swachhta for its Institutions setting forth practices that must be implemented at all higher educational institutions. The Ministries observing
