The women of our country were drawn out not only to participate in large numbers but also to play an important role in the non-violent struggle against colonial rule.

also tell about Girl child is an important pillar of a developed society. The movements like beti bachao beti padhao girls education, save girl child are of essential importance. Women

PRINCIPAL  
SIDDHANT COLLEGE OF PHARMACY,  
SUDUMBRE, PUNE-412 109

are considered inferior to men and are treated unfairly. Instead of providing basic rights to women and girls they are degraded, the rate of sexual harassment rape, gender discrimination, female feticide and dowry death is increasing. There is increasing female feticide and girls dropout rate in schools, colleges and universities in many countries. Unfortunately the potential and creative abilities of women and girls are wasted. Due to old dated customs and traditions they are used as tools to cook, wash and do domestic chores. It is very important to equalize women with men, girls with boys. They must be protected, provided basic rights like proper education, proper health care and proper attention. There must be gender equality in the society so that girls get chance to succeed and excel in life. Due to inequality and discrimination girls and women are leading a miserable life. Many countries have taken initiatives and steps running several schemes and movements to save and protect girl child.

Specially in India in 2015 a scheme named as "Beti Bachao, Beti Padhao" means save girl child and educate girl child was launched in order to empower girl and to eliminate gender inequality. It is high time to aware people to save girl child. Girl child is entirely unsafe inside and outside the womb of Mother. We are grateful to our Management for their timely support and also to our Principal Dr R. K. Dumbre Sir and HOD(UG) Dr Swati Deshmukh madam guided us to conduct this programme.
