### SHARDA SUNKUL

Meaning of sharda is "Goddess of Learning; Saraswati" and meaning of sunkul is complete. In siddhant college of pharmacy, we facilitated student education completely by many way .so that we create sharda sunkul .

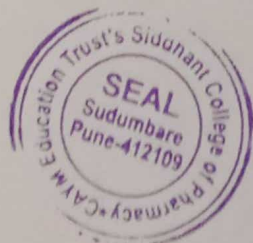

#### OBJECTIVES OF THE PRACTICE

- To make students worthy for success.
- To make student competent for world leadership.
- To improve the qualities of student along with his/her personality.
- Defining personal relevance.
- Discussing how theory can be applied in practice.
- Making a link to local cases.
- Relating subject matter to everyday applications.
- Discussing and finding applications in current newsworthy issues and events.
- To improve the overall thinking of the student towards the field of Pharmacy.

#### THE CONTEXT

**Following are the major challenging issue related to practice**

Perceptions of ability/skill: Undergraduate students have different perceptions for the learning; therefore, first we need to convert their mark oriented behavior to knowledge gaining behavior.

  
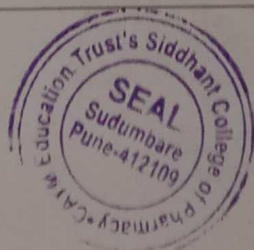

Principal  
Siddhant College of Pharmacy,  
Sudumbare, Tal.-Maval,  
Dist.-Pune 412109.

- Effort attributions: Most of the undergraduate students are at teenage and having tendency not to do hard work. Need efforts to take to change their mentality to get the maximum things in the easiest or shortcut ways.
- Success experiences: Each and every success has many previous failures, and to handle the failure situation there is need to teach patience behavioural tips for getting success.
- Support and scaffolding: Main challenge is to handling the adjusting behaviour of the students, as students are having keen attractions towards the modern technology and institute cannot satisfy the every need of the students.
- Appropriate challenge: We cannot expect from undergraduate students for extraordinary performance without proper guidance.
- Feedback from students: Many times it's not easy to take feedback whether student are understanding the concept and cope up with the curriculum.
- Siddhant college of pharmacy is having wide array of guidance by spiritual as well as practical
- Mentors: Our institute has started the sharda sankul. In this practice teacher teaches his/her special skills to interested students and guide them through below mentioned channels. Students are motivated to participate in various inter college and intra college competitions

**8. Tea club:** Our Tea Club is an open platform for teachers to come together and sit, drink tea, and share thought-provoking information. This way the teachers enter into an explorative conversation and engage themselves in social bonding activities. In other words, the Tea Club widens the horizon of our mind by occasionally and intermittently providing an informal setting.

12. Faculty birthday celebration- Having a celebration gives your employees recognition for their accomplishments which shows employees that you are paying attention to what they are doing and that you value them as an employee. When an employee feels acknowledged for their work ethic, they are happier at their job. Giving an employee special attention on their birthday makes them feel valued and recognized, and employees who feel appreciated are less likely to quit their jobs.

**PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED**

Undergraduate pharmacy institute having the professional curriculum required for the development of the best pharmacist, because of exhaustive and time bound schedule of curriculum, it is not an easy task for students to participate in every activity which is organized by the college for their overall development. To learn the special skills students should have to spend extra time and special attention. Being self-finance institution there are many more restriction for raising funds for infrastructure and research activities, which can be successful accreditation process.

Under this committee Siddhant college of pharmacy do work in association with Sakal, Young Innovation network in the academic year 2021-22. The main aim is to inform, educate, mentor and sensitize the youth to their immediate and broader environment so that they can deliver a deeper sense of social issues.

YIN is a platform for the youth that aims for their knowledge, information, understanding of their rights and responsibilities and role in a participative process so as to turn them into important pillars of society. This would lead to their inclusion in future programmes and actions targeted at their group.

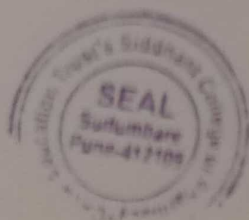

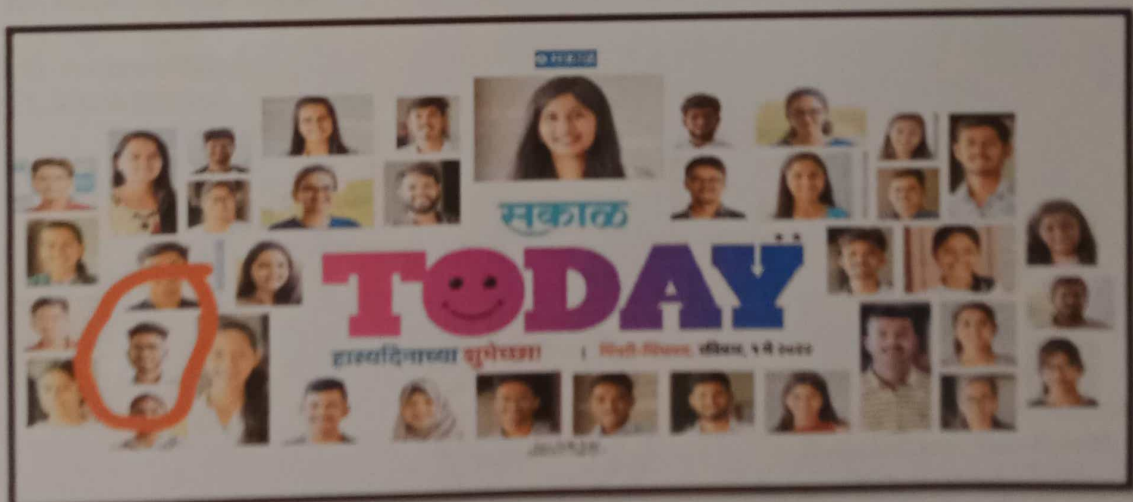

In that committee, we take time to time to meet with students and finalized with discussion with HOD and Principal and implement in association with YIN . We are grateful to our Principal Dr R. K. Dumbreand HOD(UG) Dr Swati Deshmukh madam for there guidance. In this regard attached is an annexure for a sequence of work under this committee.

### CELEBRATION OF HASYA DAY ACTIVITY (WORLD LAUGHTER DAY)

World Laughter Day was created in 1998 by Dr. Madan Kataria, founder of the worldwide Laughter Yoga movement. Dr. Kataria, a family doctor in India, was inspired to start the Laughter Yoga movement in part by the facial feedback hypothesis, which postulates that a person's facial expressions can have an effect on their emotions. The celebration of World Laughter Day is a positive manifestation for world peace and is intended to build up a global consciousness of brotherhood and friendship through laughter. It is most often celebrated by gatherings of people in public places with the sole purpose of laughing. Its popularity has grown exponentially with that of the Laughter Yoga movement now counting thousands of Laughter Clubs in more than 115 countries. And now it is celebrated worldwide.

Siddhant college of pharmacy in association with YIN celebrate world laughter day on 01/05/2022 .In this activity our 100 college students , 18 teacher and 15 non-teaching participate. This celebration news was covered in sakalnews paper along with photo .In this photo our students Narendra Mane was selected.
